What is Accident Insurance?

Accident Insurance pays you benefits for specific injuries and events resulting from a covered accident that occurs while you are not at work, on or after your coverage effective date. The benefit amount depends on the type of injury and care received. Accident Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

You may qualify to receive benefits for items listed below, as long as they are the result of a covered accident. See the certificate of insurance and any riders for specific details.

- Accident hospital care
- Follow-up care
- Common Injuries
- Emergency care benefits

Other features of Accident Insurance include:

- **Guaranteed issue:** No medical questions or tests are required for coverage.
- **Flexible:** You can use the benefit payments for any purpose you like.
- **Payroll deductions:** Premiums are paid through convenient payroll deductions.
- **Portable:** If you leave your current employer or retire, you can take your coverage with you.

How can Accident Insurance help?

Below are a few examples of how your Accident Insurance benefits could be used:

- Medical expenses, such as deductibles and copays
- Home healthcare costs
- Lost income due to lost time at work
- Everyday expenses like utilities and groceries

Who is eligible for Accident Insurance?

- **You**—all active employees working at least 16 hours per week.
- **Your spouse***— under age 70 at time of initial enrollment. Coverage is available only if employee coverage is elected.
- **Your child(ren)**— to age 26. Coverage is available only if employee coverage is elected.

*The use of "spouse" in this document means a person insured as a spouse or domestic partner as described in the certificate of insurance or rider.
