# Benefit Premium Payments

How to make payments while not receiving earnings from HonorHealth

### Medical and Dental Premiums:

When you are **not** receiving a paycheck from HonorHealth or do not have earnings to cover your benefit premiums, you are responsible for paying your medical and dental premiums to HonorHealth.

- While on Short-Term Disability your benefit premiums will be withheld once your short-term disability payments begin.
  - While on Worker's Compensation or Long-Term Disability your checks are mailed directly to you and benefit premium deductions are not withheld.
  - When you are receiving medical benefits in a qualified Per Diem/PRN status you must make premium payments if you do not have a check to cover your per payroll premiums.
- After 30 days of non-payment of medical and/or dental premiums, benefits are subject to cancellation. Failure to pay **MAY** result in cancellation of your coverage retroactive to the end of the last pay period premiums were paid. If your benefits are cancelled, you are eligible to re-enroll in benefits within 30 days of the date you return to work or the next Open Enrollment.
- If you would like to cancel benefits while on leave, please notify HonorHealth Employee Benefits. If benefits are cancelled, they will be cancelled at the end of the month your last premium was paid. If you cancel your benefits, you are eligible to re-enroll in benefits within 30 days of the date you return to work or the next Open Enrollment. Coverage will begin on the 1st of the month following your return from leave.

### Benefit Premiums (Arrears collected at 100%):
